NUMBER 33

A Rising Cameron Skyline

Chief Willie Dolan of the City Police climbs the 75-foot radio tower above the Cameron City Hall for a view of the area in which he and other members of the police department will patrol in the soon-to-be equipped radio patrol cars. The above tower and headquarters unit of the radio were installed Friday, November 9. A two-way unit will be installed in the city patrol car upon its delivery around the first of the month.

## Delivery Of New Police Car Set

Members of the Cameron Police Department will soon be able to cruise the streets of the city in a new patrol car. Members of the city council at a special meeting Thursday night, November 8, opened bids from local automobile dealers and accepted the low bid.

This new police vehicle will be a 1957 Ford from the Heffley-Stedman Motor Company. It will be a four-door sedan equipped with the heavy duty equipment necessary for police work. Purchase price offered by the company and accepted by the City of Cameron will be \$1,424.89 and the trade-in of the present police patrol car.

Delivery date for the new police car will be within 30 days or less according to company officials.

Currently in use by the department is a 1954 Ford four-door sedan. The council previously determined to acquire a new patrol car after their acquisition of two-way radios for the department. Tower and radio unit were set up at the City Hall last Saturday.

## Auto Accident Occurs Sunday

Two automobiles were involved in an accident about 4:05 p.m. Sunday at the intersection of Main Street and Central Avenue. Both vehicles were damaged considerably in the accident according to City Patrolman Warren McCall, who investigated.

Driver of one of the vehicles was Johnny Sanders, Jr., of Cleburne and formerly of Cameron. The other driver was Castulo Trevino, Jr., of Cameron. Trevino's wife suffered minor scratches about the head. She was not hospitalized. The car driven by Sanders was damaged to the extent of about \$175 while that of Trevino's was about \$200.

Sanders was cited for failure to have possession of a driver's license. Trevino was cited for making an illegal left turn.

## Frank Richter Sounds Siren

Fire sirens in Cameron sounded at exactly 11 a.m. Sunday morning, November 11, in commemoration of America's service men, who gave their lives in those wars in which this nation took part.

At the switch operating the siren was Frank Richter, Sr., head fire truck driver for the City of Cameron. Richter has sounded the fire siren for a total of 35 times on this exact hour and date without exception.

November 10.

Bids for the new automobile were also submitted by the Dodge, Chevrolet and Plymouth dealers in Cameron.

Other bids were also opened at this special meeting of the Cameron City Council for a truck on which a packer garbage unit will be installed. Bids were offered by Grabein Chevrolet Co., Schiller Motors, Heffley-Stedman Motor Co. and Burkes-Howard C. Bids from suppliers of garbage packer units were also opened.

Action on these bids were referred to W. D. Bigbee, superintendent of public works in Cameron. Councilmen requested that Bigbee study these bids and make recommendations as to the truck and packer unit which will be most efficient and economical for the city. He is to make his recommendations at the next meeting of the body, which was expected to be another called meeting.

Present at the meeting were Mayor Robert Weems, Councilmen Grady Stidham, Clifford Thompson, Charles Brady and Roy Griffith, City Secretary Wayne Weiser, Public Works Superintendent Bigbee, Police Chief Willie Dolan and Water Superintendent Alvin Heff. Councilman Lincoln Mondrik was unable to attend the meeting.

## Lions Present Successful Two Night Minstrel

Cameron audiences practically filled the Yoe High auditorium on two nights for the Lion's Club minstrel.

"Professional" was the comment of the Tuesday night audience. Cast members had a "field day" with ad-libs on the second night and coupled with the antics of the walk-on comedian, Vic Hannon, throughout the show the Lions club started consideration of the idea of "taking the show on the road."

Lion Glenn Abercrombie, now installing a new radio station at Casa Grande, Arizona, could not be in Cameron to play in or to witness the show but nonetheless "contributed" his wife Annette, the un-disputed tops in directors, to worry with the raw material and come up with a top-performing group of thespians.

Sparking the show from behind the scenes and in the spotlight was the Ben Magness family. Magness was a featured singer and comedian while he and his wife Margie did much of the costuming and props work. Mrs. Abercrombie was never lonely for something to occupy her time at home either as she adorned the red-white and blue high topper

## Christmas Seals To Go On Sale

Christmas Seals will go on sale with the mailing of seals on November 15 according to an announcement by a director of the Milam County Tuberculosis Association this week.

This will be the second drive of the local association, which is headed by Harry Wayne Clark of San Gabriel. Christmas Seal drive chairman for the county is Mrs. George Triggs of Sharp.

In the initial drive last year by the Milam County unit gross donations amounted to \$1600. Donations received within the county are divided with 82 percent being retained within the county for the local fight against tuberculosis, 12 percent going to the State Association and six percent going to the National Association for research.

Funds retained in the county are used extensively for case finding, education and for x-rays of indigents. Far greater donations are needed from citizens this year according to local association officials when it is realized that the Milam County mortality rate due to tuberculosis lacks less than one percent being double the state and national averages.

hats and other incidentals.

Chairman of finance and tickets Narvie Caperton was not available for an accurate accounting but it is certain from the attendance that the Lion's Club coffers will be able to foot many another bill for under-privileged children in the future as in the past.

The grateful club, on closing night, gave a floral spray to the directress, and to the accompanists, Mrs. Hilliard Thomas and Mrs. Bill Crockett.

## Fire Runs

Cameron volunteer firemen are always willing and ready to put out any fire regardless of race, creed or location according to Fire Chief Carl C. Black of the Cameron Volunteer Fire Department.

He further expressed the wish of the volunteer firemen that any controversial misunderstanding and orders to refuse runs for grass fires out of the city limits could be settled harmoniously.

## Magnolia Oil Co. Given \$10,000 For Right-Of-Way And Damages

Cameron-Magnolia Petroleum right-of-way negotiations, by going the condemnation route, cost the city \$2,000 extra.

Ten thousand dollars is to be the amount payable to the oil company for its valuable property at the intersection of state highways 36 and 77 in Cameron.

Keldale Hensley, Jim Currey of Rockdale and Gib Terry was the court which adjudged the value of property and damages which should be paid by the city to the oil company for its right-of-way.

In early negotiations an oil company representative, brought the company settlement proposal of \$8,000 to city fathers. The city had offered \$2,500.

Right-of-way will clip off the 95 foot front an average of twelve and a half feet. Beginning on the east property line the state property will cut in 13 feet and taper to 11.85 feet on the western edge.

Experts Testify

Joe Hanover testified that while the right-of-way would cut slightly into the present pump island that the company could leave the island there, using the state property for servicing the public but later testimony showed that a car parked in that space might, in many instances cause the driver to get out of his car from the driver's seat actually on the edge of the roadway. It was also brought out that an egg-shaped pedestrian island would be placed at the corner and leave only an eight foot clearance between the pump island and the pedestrian safety zone which would hamper station traffic from turning from the outside land on 36 to enter highway 77.

Expert testimony was taken from E. A. Perrin and from Roland Knapp and in both instances the cost of present improvements owned by the company was estimated at no less than \$15,000.

Considering one-half the cost of the improvements as they stand plus a \$2,500 payment for the property brought the judgement

to the \$10,000 figure. Representing the city before the court was City Attorney Bill Black with Jack Prescott representing the oil company as local attorney with Roy Merrill of the company legal staff.

Jurors were selected by mutual consent of both parties from a list submitted by County Judge Charles Smith.

## The Wee Hours

By Your Police Reporter

Strange sights are still seen during the night hours in the City of Cameron. One of the latest is reminiscent of Pierre, the motion picture cartoon character of the romantic little skunk.

On a recent night, the "Pierre" of Cameron was spotted across the street from City Hall by Frank Richter, head fire truck driver for the city. In Pierre's company was a housecat according to Richter, who admits the housecat was keeping a fair distance away from the skunk.

The two animals circled one another a number of times. Enamored by the little wild animal with its white stripe, the housecat followed little "Pierre" at a safe distance, as the latter proceeded on his way down the street.

## Walled Lake Door Day Will Be Observed Friday

Walled Lake Door Day is being observed in Cameron on Friday, November 16. This observance of a special day for the only major industry in the city is being promoted by the Cameron Chamber of Commerce to show the extent to which the payroll of this concern is aiding local business.

In order to further carry out locations of disbursements by Walled Lake employees, the company has agreed to make their payroll this week with two-dollar bills. Merchants within the city then can be able to judge to a fairly accurate degree how much of the

payroll from the door plant comes through their individual shops and stores.

Bill Burns, chairman of the

Walled Lake Door Day committee, said this event is being promoted as a means to show just what Walled Lake Door Co. has

meant to Cameron.

The committee chairman went on to explain, "We have looked into various ways and means to bring to the attention of the businessmen of Cameron just what the money" spent by the company and its employees "with them means to them and Cameron."

Letters from Burns and the Chamber of Commerce will be given each of the company employees along with their salaries and wages composed of two dollar bills. These letters to the company employees explain, "We do not ask that you trade any different than you do every week but just through ordinary channels."

Burns said it is hoped that when the businessmen of Cameron see just what a plant like this means to Cameron they will help us to secure more plants like this one.

Opened in April of this year at the Cameron site, Walled Lake Door Co. is a multi-million dollar industry headed by its president, George Quinif. The local plant is under the management of Manager John Gay and Col. J. Holmes.

This initial installation of major industrial enterprises followed an announcement by Quinif's company that they would locate in Cameron if the city would provide a \$40,000 site and plant for operations. A meeting of interested parties was immediately called at the Milam County Courthouse and within 32 minutes after the meeting was brought to order by Oxsheer Smith, 80 percent of the required local funds had been raised.

## Milam Baptists Hear Missionary Team At Marlow

Seventeen Milam Baptist Churches were represented at the November Milam Worker's Conference at Marlow on Monday, November 12 with the executive board meeting starting at 5 p.m. with Rev. A. F. Russell of the First Church, Cameron, as moderator.

Dr. and Mrs. Buford Lee Nichols, missionaries to China, Hong Kong and now Java spoke of the work of the Baptist mission to Indonesia where Dr. Nichols is now president of the Baptist Seminary and pastor of the Sion Baptist Church in Samarang, Java.

"Go" and "Lo I Am With You" were the titles of talks by the missionary team.

"Pray Ye" and "Give Ye" were topics dwelt on by Mrs. James Terry and Mrs. Holmes Pearce. Mrs. J. Holder introduced the missionaries with a talk on "These Went."

Ladies of the hosting Marlow church served 175 people a dinner of chicken and dressing, cranberry sauce, potato salad, english peas, angel food squares and coffee.

Churches represented were: Burlington; Battetown, Cameron; Ben Arnold, Buckholts, Cameron; First Church; Cameron First Mexican; Davilla; Gause; Hoyte; Liberty; Lilac; Yarell; Little River; Marlow; Meadbrook; Rockdale; Milano

## Rains Perk Up Livestock Prices On Local Market

Good rains, reports O. A. White, of the Cameron Livestock Auction Company, made folks feel a lot more cheerful as reflected in prices paid for light stocker cattle which were up from 75 cents to \$1.50.

Cows and calves sold in pairs were of better quality this week in Cameron than those consigned last week. White said, adding "They sold in strong demand."

## Union Thanksgiving Services Set For Wednesday Evening

Union Thanksgiving Services sponsored by the Cameron Ministerial Association will be held at 7:30 p.m. Wednesday, November 21, with the Rev. Bob Laughlin delivering the sermon.

Members of the association said there are several factors which make it advisable for observing the National Thanksgiving for this service rather than the Texas Thanksgiving. Choir members from the participating churches will form the choir for the services. The offering taken on this occasion will go to provide Thanksgiving baskets for some needy families in Cameron.

Program for the services will be as follows.  
The Prelude.  
The Call to Worship with Rev. E. J. Davis, Jr. presiding.  
The Invocation and the Lord's Prayer led by Rev. Richard Bradshaw.  
A Hymn of Praise.  
A Litany of Thanksgiving led by Rev. Gerald Cobb.  
The Gloria Patri.  
Reading of the O. Scriptures by Rev. H. M. Bowley.  
A Hymn of Thanksgiving.  
Reading of the N. T. Scriptures by Rev. C. H. Morris.  
The Call to Prayer by Rev. A. F. Russell.  
A Hymn of Adoration.  
Offeratory Prayer by Rev. John Solomon.  
Presentation of gifts and offerings.  
The Doxology.  
The Sermon by Rev. Laughlin.  
The Prayer of Consecration by Rev. Howard Wade.  
A Hymn of Supplication.  
The Benediction by Rev. P. L. Caperton.

## Cameron Progresses...

Cameron makes another step forward toward becoming a city with the latest progressive measures of municipal operation. This step is the installation of a short-wave radio unit for the city police.

Tower and the unit itself were installed on Friday, November 9. A unit for the patrol car will be installed upon delivery of the new Ford patrol automobile. Such two-way operations by the police in Cameron will enable the members of the force to operate with an efficiency equal to a force ten times as large without such equipment.

No longer will a report to headquarters of a criminal act have to be put off until a patrol car comes in for the report. With complete installation of all this equipment, such a report can be relayed immediately to the patrol car which could very likely at the time be within the vicinity of the criminal act. Not only can such lead to faster and more efficient apprehension of law-breakers but more important is that such can be a means of preventing laws from ever being broken.

Currently under study by the city council is another betterment of those services provided for the taxpayers. This is the purchase of a packer-unit garbage truck. Such not only speeds up the collection of garbage within the city, but also prevents that which is picked up from being scattered about the city as has been the case in the past.

For such progress being provided for Cameron by the City Council and those various departments of the city government, the thanks of all for a job well done.

## Remember To Give Thanks

Let us not forget that Thanksgiving is not only a holiday but a day on which we should itemize the many things for which we have to be thankful.

For operators of farms and ranches, the past year has been one of drouth producing little or no crops. Yet, we should be thankful that the drouth has not hit Milam County with such disaster as some other counties. Rains within the last few weeks are items which rate expression of true thanks. Such if continued point to a year which can easily bring crops to pay off the losses suffered this year.

Businesses within the town are suffering with the farmer, from whom they depend for much of their business. However, if they stick by the farmer and rancher and with their other business associates, they will prosper in a future year at rates breaking all records of the past. For this potential business and for that which they received in the past and are receiving now, they have tremendous items for which to offer their heartfelt thanks to a higher being.

Men, women and children as individuals have much for which to give thanks. No matter what they and their families have suffered during the 12 months since the last Thanksgiving, they need merely look around in their own locality and find others, who have suffered far more.

So whether you are celebrating Thanksgiving on November 22 or November 29, follow the heritage set by your forefathers and give thanks for what you have received.

## A Salute To Walled Lake Door Co.

Friday, November 16, will be recognized in Cameron as Walled Lake Door Day by proclamation of the Chamber of Commerce.

This first major industrial endeavor in Cameron and second in Milam County is a substantial means of increasing income within the area which heretofore has been almost entirely from farm production. Drouth in the past has caused a period of drastic slump not only for farmers and ranchers but for every business within the city and county.

With industries such as Walled Lake Door Company in the city and Alcoa in the county, businesses are benefited from such payrolls both in the time of prosperity for the farmers as well as in the time of drouths. Such companies are also a source of income for members of farm and ranch families desiring to supplement their welfare by taking jobs in such industries.

Payrolls from such industrial concerns lead to a growing and prosperous city. New and renovated homes and businesses, improved streets and other municipal owned properties and larger and better schools, churches, and hospitals make for a more beautiful town. And an attractive city is a great means for drawing additional industries, businesses and payrolls for further expansion within Cameron and Milam County.

The Herald joins with other businesses and individuals within Cameron in extending our sincerest congratulations to the Walled Lake Door Co. for pioneering in Milam County Industry.

WORLD'S MOST IMPORTANT MEETING

LITTLE RIVER PHILOSOPHER WANTS EUROPE TO SUBSTITUTE FOOTBALL FOR A CRISIS EVERY SIX MONTHS

Editor's note: The Little River Philosopher on his Johnson grass farm on Little River is taking a long-range view of the world situation, his letter this week reveals.

Dear editor:

I went into town yesterday to see what was going on, although generally speaking I haven't found that town people know any more about what's going on than country people, they just talk about it more, and from what I gathered from doing a lot of listening everybody is worried about the Middle Eastern situation.

I am sorry to say that while I am concerned with it, I'm not as worried as I used to be, and guess it's because I've got a cause I've got a better memory than some people.

To refresh your memory, though, if you'll recall, for the past ten years or more, the world hasn't gone longer than six to eight months without a new crisis breaking out. We can rock along for a few months without much on our minds, when all of a sudden trouble breaks out in some part of the world, South America, Greece, China, Formosa somewhere else in the Pacific, Suez, etc., and as each one breaks out, the world tightens its nerves and the newspapers bring out their bigger headlines. After a few weeks, or maybe a month or two, the story begins to fade, and the world falls back on hold-ups, murders, and Hollywood news. Then a few months later another crisis breaks out, and we start all over again.

Understand, every new crisis has to be paid attention to, and you never know when a little one will develop into a big one, but my position is that if a man hasn't learned to live with a fresh crisis around the corner, he might as well learn to.

A crisis in Europe or Asia plays about the same part that football

## Arson Indicated In Fire At Mexican Patriotic Fiesta Grounds, Nov. 8

Arson was indicated in a fire which razed a concession stand at the Mexican Fiesta Grounds at about 9:45 p.m. Wednesday, November 8.

An hour and a half earlier, the home of Annie Mitchell on South Rusk suffered fire damage to the roof and water damage.

J. D. Soriano, secretary of the organization which operates the Fiesta Grounds, reports that gates will have to be put up to stop drivers from "making a race track of the grounds" and such vandalism as was apparent in the Wednesday fire. Other vandalism having occurred was the

does in this country, only it's more dangerous. On the whole more people get hurt in a crisis than they do in a football game, especially the spectators.

If Europe had something on the order of football, with one country playing another each week like towns and colleges do over here, and if they could throw Russia out of the conference for unethical recruiting, things might be more peaceful, but I don't look for it to happen. After the present Middle Eastern crisis is over, somebody will spring another one. Probably working on it right now. It's something we have to live with. If you stop and think about it, every tire on your car sooner or later is going to have a flat.

Yours faithfully,

From where I sit... by Joe Marsh

## There'll Always Be An "Expert"

Drove out to see how they're getting along with the new super-highway that's going to pass through town.

While I was there a fussy little guy—a spectator, like me—came up to the foreman on the job and started making all sorts of suggestions: "Shouldn't it go a little farther left there?... Why don't you bank the curves more?... Those ditches are awful close"... and so, on and on.

The foreman took it as long as he could, then asked politely, "How does she look for length?"

From where I sit, free advice I called "free" because it's usually not worth much. That little fellow was typical of the kind of "expert" who can't resist getting in digs—about how you work, what you wear, why you happen to prefer a glass of beer with your supper. People like that don't mean to be troublemakers... but the road to real intolerance is paved with their good intentions.

## District Scout Leaders Elect Committee Heads

Annual business meeting of the Tejas District of the Heart O' Texas Council of the Boy Scouts of America was held Monday night, November 5.

The meeting was held at the Simon-George Hall in Cameron. Representatives from Marlin, Rosebud, Milano, Rockdale and Cameron were in attendance.

Following the invocation by the Very Rev. George Duda and personal introductions of all present, the operating committee chairmen gave reports on the activities of the Scouting Program in Tejas District in 1956. Joe Spadora, district camping and activities chairman, then gave a report on the District Scout Expositions to be held in the spring of 1957. This Exposition replaces the Council Boy Scout Circus that was held this past year. Several men were suggested as potential chairmen for this exposition.

Annual Leaders Recognition Dinner was then discussed. The date was established for January 10, 1957, and the dinner was to be held in Marlin. It will be a covered dish dinner. More details on this event will be released later.

Dr. Walter Smith, of Marlin, chairman of the nominating committee gave the committees recommendation for officers for 1957. This slate of officers was accepted by acclamation.

They are Frank Hyder of Rockdale as district chairman; Wayne Grave of Marlin and Richard Williams of Cameron as vice chairmen and the following men as district members-at-large to serve on the six district operating committees. These men are Joe Moore of Gause, Rev. Ellis of Milano, J. W. Baker of Bremond, Zill Erskine of Regan, Bill Adams and Robert Thigpen of Chilton and B. A. Pierson and Rev. Earl McIntyre of Lott. Rosebud men named are L. R. McAttee, A. L. Freeman, George Stock, H. H. Haupt and Byron Stubbs; men from Cameron include Gene Blake, Stanley Hughes, Henry Michalka, Gus Evans, Jr., Jack Prescott, E. A. Perrin, Albert Hajovsky, Bill Wallace, Don Humble, Carl Black, Billy Black, Earl Curtis and Hilliard Thomas; men from Thornhill include Gene Paris, W. L. Sanders, Herman Peace and Newton Butts, Jr.

Men from Rockdale that were elected as members-at-large are: Royce Harwell, Collier Pearson,

## Letters To The Editor...

(Editor's Note:—The following was received in response to The Herald's request for letters concerning the greatest need for Cameron. Opinions in the letters are not necessarily those of The Herald.)

From one living on a Cameron rural route, the following was received. The writer asked that his name not be printed.

"What Is Greatest Need For City? I think the greatest need of any city is a good farmers' market. For why should a farmer come and trade in a city where he cannot trade or sell his own products?"

"Why should a farmer buy from a merchant, who (would) rather buy his stuff from the Valley while the Farmer's products rot up at home. So if the merchant likes to buy down there, why don't he also sell down there and not cuss the Farmer if he goes somewhere else and sells and buys what he (has) got and needs?"

"So if a city can do without the Farmer's trade, a Farmer can..."

Harold Luckey, John Lovelace, Archie Graham, Ted Weydell, H. W. Helmer, Dr. O'Neil, Lyman Harris, Jim Knight, J. R. Yeager, Brice Crow, J. V. Alexander, Al Jones, L. G. Gonzenbach and Clyde Franklin.

Members-at-large from Marlin are Judge John Patterson, Dr. Tom McDowell, Dr. J. S. Bussell, Hal Spencer, Roy McCall, Clint Ferguson, Dr. J. M. Brown, Ralph Lawless, Brady Pamplin, Sam Dollahite, A. M. Tate and Joe Spadora.

The District nominating committee also recommended that Harold Baugh of Rockdale be presented to the Heart O' Texas Council Executive Board for appointment as the District Commissioner of the Tejas District.

This nominating committee was comprised of Dr. Walter Smith, chairman, and Paul Windsor, both from Marlin; Ed Dillon and W. D. Essary of Rockdale; W. W. Wilson of Milano, A. C. Mitchan of Cameron and J. M. Ligon of Rosebud.

Following the election the District Committee Training Clinic to be held at Camp Tahuaya on Sunday November 18 was discussed.

## Hugo Horstmann To Speak Monday

Milam Lodge No. 125, Knights of Pythias, of Cameron will hold its annual roll call at the lodge hall on Monday, November 19, at 7:30 p.m. This will be an open meeting open to all members, their families and friends.

A dinner will precede the business session. Principal speaker will be Hugo Horstmann of Weatherford. Other notables from over the state will also be present. Horstmann will bring with him a group of children from the Pythian Home in Weatherford. This group has been to Cameron several previous times.

Horstmann is formerly of Cameron and has risen to become a national figure in the management of orphan homes. He is superintendent of the Pythian Home in Weatherford.

LEADERSHIP - LaVelle Fischer, Buckholts. MEAT ANIMAL - James Edward Glaser, Buckholts, and Jeanette Fuchs, Buckholts. POULTRY - Hal Lester Senkel, Buckholts, Wayne Davis, Davilla, Edna Bullard, Milano and Verlie Sue Lincoln, Thordale. TRACTOR - Howard Von Gonten, Buckholts.

There were approximately 140 people attending the program. Carroll Wayne Glaser of Buckholts was Master of Ceremonies. The group repeated the 4-H Club Motto and Pledge, and the Pledge to the flag. This was followed by a 4-H song, then part of the awards were presented by J. D. Moore, County Agent, and Lester Byrd, Ass't Agent. Rex McClaren gave a reading and a playlet was presented by Arvell Jungmann, Henrietta Richter, Arthur Inge, Jr., and Carolyn Von Gonten. The rest of the awards were presented and the clubs were recognized. The program was concluded by repeating the club prayer.

After the program, games were played and refreshments served.

Miss Ella Mae Weidner, bride-elect of W. B. June, Jr. was honored with a miscellaneous shower at the home of Mrs. Lee Hall of Sharp on November 8.

A white lace tablecloth on the dining table was centered with pink napkins and a miniature bride and groom. Pink candles decorated the table. Pink was the color of decorations throughout the house with pink roses and asters. The honoree was presented a pink carnation corsage.

Plate favors included a piece of candy with pink ribbon tied to a slip of paper and November 18, the wedding date, and the name of the bride and groom penned.

Games were directed by Mrs. Laurence Laffere and refreshments of cookies, crackers, chicken salad on lettuce leaf and punch were served.

Miss Dora Dittmar registered 30 guests from Sharp, San Gabriel, Rockdale, Rogers, Buckholts and Cameron.

## Ima Jean Crawford Honored At Miscellaneous Shower

Miss Ima Jean Crawford, bride-elect of Bruce Phillips, was honored at a miscellaneous bridal shower given Thursday evening, November 8, at the home of Mrs. W. H. Brandenburg. Hostess were Mrs. Brandenburg and Miss Hazel Butler.

Gifts were placed on a lace-covered table centered with a bouquet of roses.

The bride-elect was attired in a navy blue dress with a corsage centered with a red rose. She and

Mr. Phillips, a brother of Mrs. Brandenburg, will be married on Friday, December 7.

Refreshments included party cakes, sandwiches, potato chips, cookies, mints, coffee and cokes.

Guests were Miss Betty Butler, Mrs. H. Butler, Mrs. Rose Sanders, Claude Sanders, Sis Sapp, Mrs. Viola Grizzard, Mrs. Myers, R. B. Grizzard, Miss Joyce Rackley, Miss Ruby Rackley, Miss Inez Matula, Miss Clara Houston, J. M. Evais, Mrs. W. A. Crawford, Mrs. Tinnie Crawford, J. B. Sapp, Mrs. Wink Lewis, Mrs. W. L. Dolan and Mrs. Blondie Thompson.

## Home-Dyeing Then and Now

Photo at left shows back-breaking drudgery home-dyers experienced a century ago. Compare it with today's easy method, in right photo, which lets automatic washer do most of the work.

The discovery in 1856 by William Henry Perkin of a way to make dyes from coal tar led to end of scenes like that in photo at left. A century ago, home-dyeing meant messiness and long hours of back-breaking, muscle-straining drudgery over tubs and steaming kettles. Your color choice was confined to blues, reds and yellows—and you had to be an expert on cloth textures, mordants and dyes. Even for the expert, it was a gamble on how the dye job would turn out.

Today, thanks to development of all-fabric home dyes, it's a cinch to tint things at home. You needn't know one cloth type from another and there's an endless choice of colors. In fact, the automatic washing machine, as in right photo, will do most of the work for you when dyeing bulky articles. All you do, according to Tintex Home Economics Bureau, is dissolve dye in quart jar or pitcher of hot water and pour solution in washer as soon as machine is filled with hottest water available.

## Paper In Your Way? Call 297

Members of the Milam County A&M Mothers Club urge any and everyone with a collection of old paper, newspapers and magazines to contact them in their drive to collect such items.

A number of calls have been received during this first week of the drive but a far greater number is needed. Mrs. O. G. Tumlinson, president of the club, says not only will donations of such papers be of great benefit to the club's various projects but is also a means of preventing unnecessary fire and smoke in one's back yard.

All that is necessary to rid your premises of such cluttering items is to call telephone No. 297 and ask for a pickup. A truck will be sent immediately to load and cart away your collection of old papers.

Immunizations were completed by the end of October in O. J. Thomas, St. Anthony, Buckholts, Marak, Burlington and Maysfield schools and two-thirds complete in Ad Hall, Sharp, Davilla white and colored schools, San Gabriel, St. Paul's, and Thorndale white and colored schools. Despite the fact that immunizations are compulsory only in O. J. Thomas, Sharp and Maysfield, the voluntary response in the other schools to the immunization program has been exceptionally good.

Polio shots in the Milam County Health Unit Clinic numbered 79 boosters and 27 completed two-shot series.

Communicable diseases decreased again during October. There were only 14 streptococcal infections, two whooping cough two gonorrhea cases reported.

The director attended the Accident Prevention Conference in Dallas on October 17.

The sanitarian, school nurse, public health nurse, and director all attended a conference regarding revision of standards for Child Care Centers at the State Department of Health on October 18.

During the month of October regular routine inspections of food and other establishments were made. It was noted that a number of establishments changed management and several improvements were made as to remodeling and new fixtures.

Thorough and extensive Rodent Control Programs were conducted in the business sections of Cameron and Thorndale during the last two weeks of the month. In Cameron the program was sponsored by the Cameron Chamber of Commerce and in Thorndale by the City Council. The projects were conducted by the Rodent Control Division of the U. S. Fish and Wild Life Service, San Antonio Health Department. Pival and Pivalyn were used as poison. A complete report of the projects cannot be made at this time because they were not completed until after the first of November. Detailed reports will be made next month. All reports coming in to date indicate excellent results.

The sanitarian was in conference with Milton Caroline and Grover C. Marshall of the San Antonio District, San Antonio, and James E. Poore, Extensive Service, College Station, relative to some future Rodent Control Programs in the area. Plans have not been completed at this time.

Visitors for the month were J. B. Doss, V. D. Investigator, Texas State Department of Health, Austin, Texas; James E. Poore, Department of Fish and Wild Life Service, A. & M. College, College Station, Texas; E. C. Callender, Department of Fish and Wild Life Service, San Antonio, and Milton Caroline, Assistant District Agent, Fish and Wild Life Service, San Antonio.

## Local Draft Board Registers Sixteen Men During October

Sixteen men registered with the local draft board during October. They are Billy J. McDaniel, John L. Harris, Billy B. Buetow, Thomas E. Spells, Olin F. Biar, Pete J. Rodriguez, Ronald W. Hairston, Duke T. Tunnell, Charles H. Bates, Louis T. DeLaRosa, Jr., Bennie E. Wadlington, Leland D. Weido, William L. Murray, Gene A. Debose, and Daniel A. Michan. All are eighteen year-olds and Emmitt Lloyd, a late registrant, also signed in.

Current information requested from III-A registrants is coming in very well. However, there are a few past due and those registrants holding forms for completion and return to the office are requested to comply so that if they are still qualified for the III-A classification, no action to re-classify will be necessary.

Men with less than 12 months active duty in the Armed Forces, but more than six months are

still liable for service unless discharge was for convenience of the government. Preinduction physical examination and re-induction of these men are currently being postponed in accordance with a directive from National Headquarters. These men have not discharged their service obligation under current regulations.

Following the last meeting of the board, several classification cards were returned by the Post Office because the registrants had moved without notifying the local board office of change of address. As a consequence, these men will loose appeal and personal appearance rights, as the ten day period for taking these steps will have expired when we finally get the cards to them. If the men cannot be located, they may be reported to the U. S. Attorney, eventually, for appropriate action. Registrants must remember to notify the office by post card, in

person or by telephone when address changes.

The local board office is anxious to locate Willie Smith, born in 1934 and registered with the Bell County Local Board, in Temple. Anyone knowing his whereabouts or having information which may lead to his whereabouts, are requested to contact the office in Cameron.

# Winter Is Period For Creep Feeding; To Produce Marketable Stock

Winter months now facing Milam County farmers and ranchers bring into their problems the manner of feeding cattle for the spring markets. Many of the spring grasses are either killed or are at least handicapped by cold weather. Planted grasses are usually too scarce to suffice all cattle.

Many of the county farmers and ranchers were able to store some grain in bins and silage in trench or other type silos for winter feeds. Others are faced with purchase of feed for their stock. In either case, the scarcity of feed is such that all should be placed at the livestock's disposal in a manner so none will be lost on the ground.

At the same time livestock raisers and feeders are recommended to attempt to keep enough food before the stock so neither cows, steers nor calves can ever lose any weight they have already acquired. Fat calves grown heavy on summer pasturage should hold their own until placed on the market. Once a calf or steer begins to lose weight, the original bloom is gone. It takes much additional feed to alter this trend and return the animal to gaining again. This also lowers the grade of meat produced from the animal as each reversal of a calf's weight gain results in tougher and lower grades of meat.

Many successful ranchers in the period since World War II have found creep feeding to be the answer to these problems. Correctly constructed creep feeders and hay bins maintains a continuously supply of feed available to stock, prevents unnecessary waste of feed and is means of supplying animals not only with feed but also with the salt and minerals needed for their welfare.

Many stock farmers place their feeders and bins within gap pens which will admit calves to the feed troughs but keep out animals which the farmers consider able to range for themselves. Such animals are usually those in the range herds intended not for the market but strictly for production of additional calves to be sold.

Such creep feeders and hay bins may either be constructed by the farmer himself or purchased ready-made at economical prices. Some using these extensively for four or five years report that feed

Leaders in the Elm Creek watershed are moving rapidly getting the machinery set up for the organization of the flood prevention district. This group will work together with the Federal Government to establish retention dams to control the water after the farmer has done all he can to slow the water down and keep as much as possible on his own land.

Like many other farmers in the Elm Creek watershed, R. B. Eickenhorst is using ever known resource to control the water that falls on his land. This control helps prevent floods down the creek

and at the same time it prevents erosion and adds more water to the soil to be used for crop and livestock production at home.

Early in 1952, Eickenhorst joined the Central Texas Soil Conservation District and asked for Soil Conservation Service help in developing a blueprint of the conservation practices that would fit on his 126 acre farm on North Elm Creek. Since then he has been applying the practices as they fit into the original plan. The different conservation practices planned and applied on his farm are contour farming, cover cropping, crop residue management, pasture management, brush control, waterways, terraces and pasture seeding.

One of the main objectives of the flood prevention district is to get the needed conservation practices applied to all the land on the watershed. R. B. is far ahead on this. His accomplishments are a good example of what will be needed on every farm in the watershed in the development of a program that will control the overflow and silt hazard of Elm Creek.

Recent 3.5 inch rains penetrated to a depth of 12 inches on conservation treated land on District Cooperator, W. W. Collins' place southeast of Eddy. Also, there was no loss of rainfall from runoff.

On untreated land there was some runoff and the moisture penetrated to a depth of 7 inches. The conservation treatment included humus corn in 1954 and 1955, corn in 1956 and deep chisling after corn harvest this year.

## More Profits In New Grain-Dryer System, Studies Show

One of the first users of the new grain dryer-storage system: Arnold Kraft, grain farmer of Davenport, Iowa.

A new method of drying and storing grain is showing amazing results—results which mean large savings and profit-increases to farmers—according to recent studies and field-tests made by Stran-Steel Corporation, manufacturer of the famed Quonset steel farm buildings. These results are supported by additional studies conducted at various state agricultural experiment stations.

The system consists of the Quonset storage building, a fan which supplies unheated air, and manifolds and tunnels which distribute the drying air uniformly through the grain. In a matter of weeks, the moisture-content of the grain is brought down to a level safe for indefinite storage. Once the grain is dry the fans are reversible for cooling to prevent surface crusting.

According to three state experiment stations studies, reduction of mechanical losses of grain alone amounts to five percent. Another five percent in field losses due to wind, insect or hail damage is eliminated because the farmer is enabled to get his crop in off the field early. Other possible storage losses avoided through use of this modern process amount to probably another five percent due to the aerated control of moisture-migration, insects and molds.

What does this mean in dollars and cents? Farmer A, who until last year had no grain, raises 100 acres of corn. Usually, he has a yield of 75 bushels an acre and sells it when the market is glutted. In 1954 he sold his yield

of 7500 bushels at \$1.15 per bushel for \$8,625. In 1955 he bought a Quonset Grain Drying and Storage building. This time he realized a yield of 8400 bushels which he was able to sell at the government loan rate of \$1.50 per bushel, or \$12,600—thus gaining an increased return of \$3,975.

A second farmer, with the same acreage and yield, up until 1955 uses on his farm the traditional type of storage which promises to become obsolete by this new method. He usually sells his corn at the best market price or secures a government loan. In 1954 he sold his yield of 7125 bushels—he lost 375 bushels in storage—at \$1.50 per bushel for a total of \$10,687.50. In 1955 he purchases a Quonset with its grain drying system and realizes a yield of 8400 bushels which he sells for \$12,600—an increased return of \$1,912.50.

At the end of five years, under optimum circumstances, an average farmer using the 8800 bushel system would have his complete building and drying system paid for and realize a net return of approximately \$15,000.

# Bulldogs Clip Caldwell 19 - 12

In the last district game of the season, the O. J. Thomas Bulldogs rolled to a 19-12 victory over the Caldwell Yellow Jackets.

A small home coming crowd watched the contest as the Bulldogs proved beyond a doubt that they deserve the second place slot they now hold in district play. The record of the Bulldogs for this season is five wins against two losses.

The big gun in the Bulldog offense was R. Wright, who scored two T. D.'s and one extra point. The other tally, which came in the fourth quarter, was run by B. T. Green. Two touchdowns were set up by the converted halfback, W. Lemons, who has led the Bulldogs in ground gained in the last three games. Q. B. Debose did a very good job of faking, passing and play mixing throughout the contest.

On the line, Pratt and Knox at guard kept the Yellow Jackets in the hold most of the game. Other outstanding players on the line were F. Dickey and W. Dickey, Nelson, Webb and Baker. Harris and Parker were standouts on the Caldwell team.

In each of the first two quarters the Bulldogs scored six points, none in the third and seven in the final stanza. Caldwell scored six points in each of the second and third parts of the game with no score in the opening quarter and the final period.

**Half Time Activities**  
Highlighting the half time activities of the homecoming game was the presentation of the queen for 1956-1957, Miss Margaret Williams, a talented and attractive member of the freshman class.

Miss Williams, escorted by John Earl Williams of the junior class, was accompanied on the field by members of her court, Miss Joyce Debose escorted by Donald White, both juniors; Miss Wanda Jean Mason, whose escort was Albert Smiley, seniors; and Miss Safronia Jane Williams with escort James Lemons, both sophomores.

The queen was presented a beautiful bouquet of yellow mums, attractively arranged with purple and gold ribbon, by the principal, who had been escorted on the field by co-captains of the Bulldog team, Robert Lee Wright and Booker T. Green. Ladies of the court wore corsages of yellow mums while the gentlemen wore tiny yellow chrysanthemums on their lapels.

Following the presentation, the

## School Trustees Study Insurance

Insurance was on the agenda of the school board of Cameron's Independent School District at its meeting of Thursday night, November 8.

Payment by the school for personal liability clauses in the insurance program of the eight white and three colored school bus drivers was approved.

A Farm Bureau committee, composed of Buck Angell, John A. Smith, Bill Arthur and O. G. Tumlinson was present to discuss the needs of the Cameron schools in regard to insurance and to propose the Farm Bureau's Mutual

band played "Tenderly" as a tribute to the queen and her court.

**Final Game**  
The Bulldogs last game of the season will be played on Yeoman field Saturday night, November 17, 1956 against the Bartlett High Tigers.

## Yoe FHA Has Active Schedule

Evelyn Vybiral, FHA senior chapter vice-president, presented yearbooks to all FHA members at a called meeting, Monday, November 5, at activity period. She expressed her appreciation to all junior and senior chapter members who have helped in this project.

Gloria Harber, senior chapter president, received committee reports and other urgent business. Mary Jo Varner, chairman of consumer buying committee, gave reliable information concerning purchase of such cosmetics as rouge, lipstick and powder. One of the national and state FHA projects this year is "The Teen-Age Consumer."

Another state project this year is sending unused, stamped Christmas cards to the nearest state hospital. Mary Harwell, chairman of this committee, plans to send these cards to Austin on November 16. Members are urged to place their cards in the designated box before this date.

Mary Ellen Richter, senior chapter degree chairman, announced degree tests for junior and chapter degree candidates would be given November 6, during class periods and activity period. Peggy Burke, senior chapter secretary, read a letter from District II FHA secretary giving details about the meeting to be held in Rockdale on December 8.

Becky Terry was made chairman of a committee to investigate the possibility of having FHA welcome signs made and placed at the city limits on all highways entering Cameron. She had observed such signs in cities this summer in Arkansas and Oklahoma

Insurance as a part of the school program. No definite action was taken at the meeting because the local Insurance agents have not completed their insurance survey of the schools.

A letter of thanks was read from the Cameron Classroom Teachers Association for the extension from three to five days sick leave per year for teachers. It was signed by Miss Barbara Evers, secretary. Miss Lois Randolph is president of the association.

Bids were taken on white asbestos siding for the O. J. Thomas Agriculture Building which is being re-conditioned by O. J. students as a project.

In an off-the-cuff session following the regular meeting, members of the board were high in their praise of the work of Principal J. R. (Dick) Young of the Yoe High School and of Leon Brady, for his work, not only in the academic capacity as head of the grade schools but for his efficient handling of the two school cafeterias.

and thought they were very heart warming.

Ina Mae Yates suggested that a red FHA rubber mat be purchased for the front entrance of the homemaking department. She will be in charge of this purchase.

Marjorie Wilkinson, senior chapter recreation leader, announced her committee plans to improve FHA recreation and spirit with original FHA songs and yells this year at every meeting. She had a group of junior chapter members—Ann Clements, Sue Ann Crow, Lucille Jistel, Pat Johnson, Bernice McGoldrich, Gloria Miller, Barbara Schattler, Mary G. Tamez and Rita Vessels —sang the one they had written, "FHA For You"

Time limitation prevented giving the yells concerning wise buying and our red FHA rose that, other class units had composed.

Janice Harris and Beverly Morgan, chairmen of the FHA Christmas Float, reported that Mr. White, industrial art teacher, is willing to help the FHA this year. Girls, who can locate a truck to be used, were asked to contact these chairmen.

Cindy Curtis and Carole Boyles, chairmen for the FHA King selection and installation, reported they were working on plans for these projects.

Next FHA meeting will be held December 3 in the gymnasium at 7:30 p.m. The new FHA King will be honored at that time.

## Mrs. Moody, 70, Dies Tuesday

Mrs. D. T. Moody, 70, of 1602 N. Harding Street, Cameron, died Tuesday morning, November 13, following an illness of six months. She had been a resident of Cameron and Milam County for most of her life.

Funeral services were held at 2 p.m. Wednesday from the chapel of Green Funeral Home. Rev. P. L. Caperton, pastor of the Battetown Baptist Church, officiated. Burial was in the Milano Cemetery.

Surviving are her husband, one daughter, Mrs. Pearl Minkiewicz of Cameron; one son, Clyde Moody of Sacramento, California; two sisters, Miss Lottie Butts and Mrs. Lizzie Keller, both of Milano, and four brothers, Arnold Butts of Rockdale, Lonnie Butts of Thornedale, Hubbard Butts of Killen and Rufus Butts of Houston.

## Mrs. A. N. Green Dies November 12

Funeral services for Mrs. A. N. Green, who died at 1:30 a.m. Monday, November 12, in King's Daughter Hospital at Temple following an illness of three months, were held at 10 a.m. Tuesday, November 13, in the chapel of Green Funeral Home.

Rev. A. F. Russell, pastor of the First Baptist Church in Cameron, officiated. Burial followed in the Oak Hill Cemetery.

Survivors are the husband, A. N. Green of Cameron; two daughters, Mrs. H. A. Montgomery of Oklahoma City, Oklahoma, and Miss Louise Green of Los Angeles, California; two sons, Eugene of Cameron and Nelson Green of Amarillo; one sister, Mrs. Roger Priest of Lott, five grandchildren, and one great-grandchild.

## Mrs. Muse Speak At Dinner

Members of the First Spiritualist Church in Cameron will hold their annual anniversary dinner at the church next Sunday, November 18. Featured speaker will be Mrs. Gene Muse of Edinburg.

Schedule of events for the day includes Sunday School at 10 a.m., services at 11 a.m. and dinner at 12:30 p.m.

Church workers from Fort Worth, Dallas, Houston, San Antonio, Austin and Taylor will be present to participate in all the events. The public is invited to attend.

Benjamin Franklin invented bifocal glasses.

## Former Cameron Teacher Dies

Miss Ida E. Dorrah died Tuesday morning, November 13, in Wichita Falls. She was a former resident of Cameron during which time she served as a teacher in the Cameron Public Schools.

Graveside services were held at 2 p.m. Wednesday, November 14, at Oak Hill Cemetery. Rev. A. F. Russell, pastor of the First Baptist Church in Cameron, officiated.

Survivors include one sister, Mrs. A. T. Ray, and two nieces, Mrs. Wayne O. Watts and Mrs. C. J. Cunningham, all of Wichita Falls.

Local arrangements were under the direction of Green Funeral Home.

## A WEE BIT O' SCOTLAND

Clan Campbell traces its history back to the Eleventh century. They were early defenders of Scot freedom against the Norse.

The tartan of Clan Campbell and the famous Black Watch are one and the same—and both wear the traditional kilt proudly.

While Scotland's argyll patterns have been copied in men's hose, it is only now that the true patterns and colors are available here, authenticated by the Duke of Argyll for Bur-Mil men's hose.

The Campbell clan leader, working exclusively with Bur-Mil, has made it possible for the American male to wear authentic argyll hose and, for the first time, available at popular prices.

TO THE RESIDENT QUALIFIED ELECTORS OF MILAM COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NUMBER ONE, WHO OWN TAXABLE PROPERTY IN SAID DISTRICT AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held on the 1 day of December, 1956, within the MILAM COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NUMBER ONE, in obedience to a resolution and order entered by the Board of Directors of said District on the 24 day of October, 1956, and which resolution and order is in words and figures as follows, to-wit:

RESOLUTION AND ORDER FOR BOND ELECTION

THE STATE OF TEXAS  
COUNTY OF MILAM

MILAM COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 1

ON THIS, the 24 day of October, 1956, the Board of Directors of MILAM COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 1 convened in session at the American Legion Hut, Buckholts, Texas, with the following members thereof present, to-wit:

FRANK TOMASCIK, Pres.  
ADOLPH GRESAK, Vice-Pres.  
W. E. BECKHUSEN, Secretary  
FRED GRESAK, Director  
JOHN ZAJICEK, Director

and the following absent: (None), when among other proceedings had, the following resolution and order was passed and adopted:

WHEREAS, MILAM COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NUMBER ONE has been heretofore properly established and created pursuant to appropriate proceedings to that end including an order confirming the organization of the District passed by the Board of Directors thereof on the 25th day of June, 1956; and

WHEREAS, it is now found necessary and advisable for the district to acquire by purchase and construction a water supply and distribution system for service in and for said District; and

WHEREAS, the Board of Directors of said District has adopted plans for the construction of the aforesaid improvements and facilities and there has been filed in the office of the District a report of the District's Engineers covering the plans, plants, facilities and improvements to be purchased and constructed, together with maps, plats, profiles and data fully showing and explaining the same, which report is open to inspection by the public; and

WHEREAS, the aforesaid engineers' report contains, among other things, a detailed estimate of the cost of such improvements and an estimate of the time required to complete same so that service therefrom can be commenced; and

WHEREAS, a summary of said engineers' estimate of the cost of said facilities and improvements including the cost of property to be purchased, as shown in the report, aforesaid, is as follows:

<b>TOTAL</b>	<b>\$138,000.00</b>

NOW, THEREFORE, BE IT RESOLVED AND ORDERED BY THE BOARD OF DIRECTORS OF MILAM COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NUMBER ONE:

SECTION 1: That the estimate of the cost of the plants, facilities, improvements and property as contained in the engineers' report, referred to in the preamble hereof, is hereby approved and adopted by this Board of Directors as the total amount required to cover such plants, facilities, improvements and property.

SECTION 2: That an election be held in said Milam County Water Control and Improvement District Number One on the 1 day of Dec. 1956, for the purpose of submit-

ing the following proposition to the qualified electors of said District, who own taxable property in said District, and who have duly rendered the same for taxation:

"SHALL the Board of Directors of Milam County Water Control and Improvement District Number One be authorized to issue the bonds of said District in the principal sum of not to exceed ONE HUNDRED THIRTY EIGHT THOUSAND DOLLARS (\$138,000), maturing serially or otherwise, not to exceed thirty-five (35) years from their date, and to bear interest at a rate not to exceed SIX PER CENTUM (6%) per annum, payable annually or semi-annually, for the purpose of purchasing and constructing a water supply and distribution system in the District and for the payment of such other costs as are incidental thereto, including those incurred in the creation of the District and otherwise in connection with the improving project, and shall said Board be authorized to levy and collect annually on all taxable property in said District a tax sufficient to pay the current interest on said bonds and to pay the principal thereof as the same becomes due, so long as said bonds shall be outstanding and unpaid; the payment of said bonds to be additionally secured by a first lien on and pledge of the District's net revenues, being all revenue derived from the District's plants, facilities and improvements, after deduction of reasonable cost of providing for the administration, efficient operation and adequate maintenance of the district's service facilities?"

SECTION 3: That the ballots for said election shall be prepared in sufficient number and in conformity with Chapter 6, V. A. T. S. Election Code, adopted by the Fifty-second Legislature in 1951, and that printed on such ballots shall appear the following:

"FOR THE ISSUANCE OF BONDS, THE PLEDGE OF NET REVENUES AND THE LEVY OF TAXES ADEQUATE TO PROVIDE FOR THE PAYMENT THEREOF"

"AGAINST THE ISSUANCE OF BONDS, THE PLEDGE OF NET REVENUES AND THE LEVY OF TAXES ADEQUATE TO PROVIDE FOR THE PAYMENT THEREOF"

AS TO the foregoing proposition, each voter may mark out with black ink or pencil one of such expressions, thus leaving the other as indicating his vote on the proposition; or, in the alternative, each voter may vote upon the proposition by placing an "X" in the square appearing on the ballot beside the expression of his choice.

SECTION 4: That the entire district shall comprise one election precinct and the polling place of said election shall be at Buckholts School, Buckholts, Texas, and within the boundaries of said Milam County Water Control and Improvement District Number One. The following persons shall be and are hereby appointed officers of said election:

Jim Petruy, Presiding Judge  
O. L. Daniels, Assistant Judge  
Clara Balusek, Clerk  
Opal Gandy, Clerk

SECTION 5: The election officers above named shall make and deliver the returns of said election in triplicate, one being retained by the Presiding Judge, one delivered to the President of the District, and one delivered to the Secretary of the District. The ballot boxes and other election records and supplies shall be delivered to the Secretary of the District, at the office of the District and shall be preserved as provided by law, in said office.

SECTION 6: The Secretary of the Board of Directors is hereby directed to publish a substantial copy of this resolution and order, or notice containing the same, signed by said Secretary and by the President of the Board, once a week for four consecutive weeks in the CAMERON HERALD, a newspaper of general circulation within the area of the District, and published in Milam County, Texas. The first of said publications shall be made at least twenty-eight (28) days prior to the date fixed for said election.

SECTION 7: That the said election shall be held and conducted in accordance with the laws of the State of Texas for holding of general elections for state and county officers, except as otherwise provided by Chapter 3A, Title 128 of the Revised Civil Statutes of Texas, as amended.

The above resolution and order being read, it was moved by Fred Gresak seconded by Adolph Gresak that same do pass. Thereupon, the question being called for, the following members of the Board voted "AYE": Messrs. Tomasick, Beckhusen, Zajicek, Adolph Gre-

## Awarded Like Medals

## Why Do Indians Wear Feathers?

Ada Henderson and Ben Milam students will attend their last lecture of the season on Wednesday, November 28.

Soft echoes of an Indian sunrise song open the program of Indian music and customs to be presented by Albert and Eula Stewart, concert artists of Indian descent.

In colorful costumes, with voice and piano, tom-toms, Indian flute, and bells, they bring back the ancient-American rhythms in an appealing picture of life on a reservation.

Born on a ranch in Oklahoma, Stewart learned to sing many Indian songs while still a boy. Friends collected money for his musical education. "They got so tired of my singing, they'd have done anything to send me away" the soloist explains.

His attractive wife, Eula, is also of Indian descent, born in Kentucky. She began studying piano at an early age, and after graduating from conservatory, specializing in Indian music. With her husband she visited many reservations, and some Indians call her, "Princess Paleface." She has

transcribed and memorized hundreds of their melodies.

Schools and colleges throughout the country have taken a great interest in the Stewarts' interpretation of Indian culture, as they not only deal with the past, but reveal facts of today. They have presented over 2000 performances over a period of nine years.

"Why do Indians wear feathers?" we asked.

"They were awarded like medals," explained Mr. Stewart, "for good deeds, and the warrior with the most feathers... enough for a headpiece... became Chief."

"I had to buy mine" he added.

John Bunyan wrote "Pilgrim's Progress" while he was in prison.

"Doodlesack" is a colloquial name for bagpipes.

## MODERN HOMEMAKING

RECIPES... HOUSEHOLD HELPS

By Julia Hunter

HOME ECONOMICS DIRECTOR, LONE STAR GAS COMPANY

Our holiday season is just around the corner and now is the time to get under way with your favorite fruit cake. Most fruit cakes should ripen for four to six weeks before they are cut; however, we know of one famous recipe which is started in July and one for an unbaked cake which is ready to serve within 48 hours.

Modern homemakers take fruit cake baking in their stride by dividing the preparation into two parts which do not necessarily have to follow on consecutive days. The first is selecting the recipe, collecting the ingredients and then preparing the fruits and nuts. Along with this goes preparing the pans for baking. On a second day comes the mixing of the cakes, the baking and the preparing for aging.

In selecting a recipe for a fruit cake keep these things in mind: A recipe which lists dark raisins, prunes, figs, dates, molasses and assorted spices will turn out a dark, moist, traditional fruit cake. Those recipes which call for light raisins, dried apricots, honey, candied cherries and peels, but no spices or dark dried fruits will produce a light cake.

This list will make shopping for fruit cake ingredients easier: One pound dates makes about 2 cups. One pound raisins, prunes, dried apricots, dried peaches, dried pears or dried figs measures about 3/4 to 3/2 cups. One pound dried apples measures about 5 cups. One pound cut-up candied fruits, peels, shelled almonds or Brazil nuts measures about 3 cups. One pound shelled walnuts or pecans measures about 4 cups.

Since fruit cakes require slow baking, extra precautions must be taken so the cake will not develop an undesirable heavy crust. Line greased pans carefully with brown paper and grease the paper. Fill prepared pans to not more than one inch from top.

As soon as fruit cakes are bak-

ed remove them to wire rack to cool. Pan lining papers may be removed from the cakes, or may be left on to help retain moisture. When cakes are thoroughly done, wrap in additional waxed paper or aluminum foil and place in airtight containers with cut apples around the cakes. If desired, cakes may be aged in fruit juice. Wrap in cheese cloth or other thin white cloth sprinkled with fruit juice and then in waxed paper of aluminum foil. Place in airtight container.

Check the cakes every week during the aging period. If they seem dry, add additional cut apples or fruit juice. If they seem too moist, leave off wrappings and cover of container for several hours.

Well-aged fruit cakes, even these with large pieces of fruit and whole walnuts, almonds or Brazil nuts will slice easily if the cakes are chilled first and a very sharp knife is used.

### RECIPE OF THE WEEK

Tennessee Fruit Cake: Chop 1/2-pound currants, 1/2-pound seeded raisins, 1/2-pound seedless raisins, 1 pound dates, 1/2-pound candied pineapple, 1/2-pound candied cherries 1/2-lb. blanched almonds, 1/2-pound pecans, 1/4-pound candied lemon peel, 1/4-pound candied orange peel, 1/4-pound citron. Sift together and sprinkle over fruit and nuts 3 cups flour, 1/2-teaspoon soda, 1/4-teaspoon cinnamon, 1 teaspoon nutmeg, 1 teaspoon allspice. Mix until each piece is coated.

Cream 1 cup butter or margarine. Add 1 cup sugar. Mix well. Add 6 eggs, well beaten. Mix well. Add flour and nut mixture to creamed mixture alternately with 1/2-cup grape juice,

## Cameron Vocalist Sings In Regional Competition

Miss Billie Nell Johnson of Cameron was one of eight voice students from Southwestern University, who met in competition at TSCW in Denton on Sunday, Monday and Tuesday, November 11-13.

Daughter of Mr. and Mrs. Andy Tillman Johnson of 1503 N. Fannin, Miss Johnson and others in the university group are students under Professor Wendell L. Osborn, head of the voice department. The meeting attended was a regional one of the National Association of Teachers of Singing.

Osborn was contest chairman for the region covering Texas, Oklahoma, Arkansas, New Mexico, Kansas and Colorado.

Students participating were competing for cash prizes totaling \$60 and scholarships and certificates valued at additional amounts. The regional winner will appear at the national convention in New York.

This contest in which the Cameron singer entered is unique in that it is the only contest in the nation sponsored by a group of voice teachers. Purpose of the event is to give encouragement and constructive criticism to young singers.

1/2-cup honey, molasses or rich preserves.

Mix well and turn into pans lined with greased brown paper. Recipe will make two 9-inch tube pans, two 9-inch loaf pans or two 8-inch round pans, 3 inches deep. Bake in slow gas oven (250 degrees F.) about 2 hours for cakes weighing 5 pounds or less, about 2 1/2 to 3 hours for cakes weighing more than 5 pounds. Makes 7 pds. fruit cake. Allow to stand at least one week before serving.

Only the U.S. President and the Governor of Massachusetts have the official legal titles of "Excellency."

Our present calendar was brought into use by Pope Gregory XIII in 1582.

### Venezuela

## Fastest Growing Customer for U. S. Farm Products

This scene of a supermarket in Caracas gives some indication of the many U. S. products shipped to Venezuela each year. Last year Venezuela imported almost \$1 billion worth of American goods and services.

Since 1950, Venezuela has bought over 2 1/2 billion dollars worth of U. S. products. In the same period, U. S. farmers and manufacturers did more than \$600,000,000 worth of business with Venezuela. In 1954 for example, Venezuela bought nearly \$140,000,000 worth of products derived from American farms, ranches, and plantations. The biggest single item in this total was \$22,000,000 worth of dairy products. Grains and prepared foods from grains were next in volume of sales.

The extent of Venezuela's purchases became evident in a study made recently for the Creole Petroleum Corporation, a U.S.-owned oil company operating in Venezuela. The Creole study traced U. S. exports from nearly every state in the Union. It is estimated that 170,000 jobs depended upon these exports.

# Yoemen Face Top District Eleven Tomorrow Night

Members of the Yoe "A" string football team meet the University High School Trojans at 8 p.m. Friday night, November 16, in probably their toughest game of District 9AAA play on their home gridiron.

Trojans have already defeated La Vega, Stephenville and Killeen in three successive weeks of district play. A win over the Yoemen cinches the district title for them. A loss to the Yoemen mean a tie for the championship between Cameron, University and Stephenville with one loss each.

This will be the last district game for the Trojans while the Yoemen must still face La Vega and the other contingent, Stephenville, must face Killeen. A Killeen Kangaroo victory over Stephenville will put that team out of the running should a Yoemen victory tomorrow night keep them in the race.

Yoemen have a tough battle facing them but a performance such as their one against Bryan could

## Plays Headsup Football Always

A HIGH SCHOOL FOOTBALL CENTER, who is constantly doing the unexpected is Yoe John Solomon. This 165-pound starter not only snaps the ball like a veteran but barrels through the line opening up holes for the ball carriers and gets in on a large share of the tackles including some at points where he surprises not only the foe but his own teammates as well. Solomon also leads his teammates in intercepting passes from the fingers of opposing passers.

## A True Powerhouse

PAUL HOELSCHER PLAYS nearly any of the line positions making him one of the most versatile men on Coach Leo Jackson's squad. He is outstanding in both defensive and offensive action against opponents. Hoelscher at 180-pounds has the power to clear the road through nearly any football line for Yoe ball carriers to gain another first down or TD.

## Saturday Games To Be Presented Over Air-Video By Humble Oil Co.

TCU-Texas Southwest Conference football game will be both telecast and broadcast from Fort Worth this Saturday by Humble Oil and Refining Co. In addition, four other Southwest Conference games will be broadcast as part of Humble's football coverage.

The TCU-Texas game will be telecast from Ft. Worth. Kern Tips and Alec Chesser will describe the action and color highlights beginning at 1:45 p.m. (CST) over KTBC-TV, Austin; ton-790, and KTBC, Austin-590. Houston: KCBT-TV, KCEN-TV, Temple, and KWTX-TV, Waco.

easily make them the top team in District 9AAA when the final gun sounds at Yoe Stadium tomorrow night.

It will also be broadcast. Bob Walker and Eddie Hill will call the play-by-play and color beginning at 1:50 p.m. (CST) over WACO, Waco-1460; KTHH, Houston-SMU game will be broadcast from Little Rock with Dave Russell and Jim Wiggins on hand to do the announcing starting at 1:50 p.m. (CST) over KPRC Houston-950.

Texas A&M-Rice game will be broadcast from College Station with Ves Box and Dave Smith on hand to describe it. Broadcast time is 1:50 p.m. (CST) over KRLD, Dallas-1080; KTRH, Houston-740; WTAU, College Station-1150, and KSTV, Stephenville-1510. Baylor plays Nebraska in Lincoln, Nebraska. Jerry Doggett and Mike Mistovich will broadcast the play-by-play and color beginning at 1:50 p.m. (CST) over KWTX, Waco-1230; KXOL, Fort Worth-1360; KGKO, Dallas-1480, and KXYZ, Houston-1320.

The Texas Tech-Tulsa broadcast will come from Tulsa with Eddie Barker and Jack Dale announcing. Radio time is 1:20 p.m. (CST) over KFYO, Lubbock-790.

## Why Do Loose Socks Stand Up?

Have you ever wondered how football players keep those white sweat socks standing above their shoe tops during four quarters of strenuous play on the gridiron?

There are two methods of performing this feat. First and the one used by many of the Yoe team is the use of rubber bands.

The second is more unique, is used by many of the Pro and college stars viewed over your television sets and also used by many high schools in this section. This technique is to use a broad strip of adhesive tape, fold it so both sides of the fold has adhesion and wrap this around below the calf of the leg. The sock is then pulled up and pressed against the adhesive and held in place through practically any game.

### Players Praise Feed

Almost without exception, members of the Yoe High School football squads have expressed their deepest gratitude for the feed they received as guests of the Cameron Quarterback Club on Monday night, November 5.

Members of the club held a barbecue on that night at the school cafeteria. Members of all the football teams were honored as special guests. Highlight of the evening was the showing of the film of the Yoemen's victory over Killeen on the preceding Friday night.

### See University High

Coaches Leo Jackson, Jim Speer and Murphy Webster and a fair number of the Yoe team are reported to have seen the University Trojans and the Killeen Kangaroos in that one-sided battle at Muni Stadium last Friday night.

We hope their observations will be such that the Yoemen go on the field this Friday night with a will to win and with the knowledge that they have a hard game to battle.

Following our one point victory over the 'Roos as compared to the Yoemen is to enter the game and start tallying in the first quarter, not wait until the second half.

## Short Wave Station KKR-838 On The Air In Cameron Friday

Friday, November 9, saw the opening of two radio frequencies operated by the Cameron Police Department.

37.180 is the Sheriff's Frequency. It was initiated in Cameron by calls from the Texas Ranger at Hearne, from Rockdale police, John Blansitt, state highway patrolman, and from another highway patrol unit at Caldwell.

42.9 is the state police frequency and this receiver is in a separate unit.

The Motorola equipment was installed by Bob Chapman of the Waco Communications Company Friday afternoon.

Cameron Police call letters are KKR-838.

## Woodum Auto Sales Team Wins High Series Bowling For Week

High three-game series in the Cameron Ladies' Bowling League during last week's bowling was won by Woodum Auto Sales with 1598. Second place was taken by Green Funeral Home with 1563 and third taken by National Hall Club with 1546.

Woodum Auto Sales team also won the high single game for the week with a score of 568. Second and third places in this category were taken by National Hall Club with 556 and New Cameron Drug with 555.

Ida Michalka bowled the high

individual score with 188. She was followed by Milady Hollas with 181 and Dorothy Dillon with 166. High individual three-game series was captured by Ida Michalka with 478, Audrey Boyce with 456 and Milady Hollas with 437.

Emolou Curtis, Serina Bridges and Dorothy Dillon each picked up a 4-5-7 split, Audrey Boyce accounted for 5-6-10 and 3-10 splits, Veronica Michalka and Clara Humplik each received a 2-7 split, Jody Pernice a 4-5 split, Mary Palausky a 7-5 and Agnes

## Coming Up!

Allen Dodson, 130-pound half back, is a member of the Yoe backfield, who has really been rising as both a ball carrier and as a line backer. He is a replacement likely to see full time action in future action of the Cameron football teams

## Callis Yoe Plays

Bobby Elliott, No. 11, is first string quarterback of the Yoe football eleven and has been doing a very successful job of calling plays in anticipation of the opponents' defensive set-ups. He is also the tosser of Cameron passes at which his aim has been improving with each successive game.

## Narvie Caperton New Scout Leader

Narvie Caperton of Cameron was nominated and elected as one of eight new directors of the Texas Colorado Lakes Council of Girl Scouts at a meeting Wednesday, November 7, in Austin. H. H. Coffield of Rockdale was elected as a member-at-large.

Other new directors named by O. W. Vogel of Lockhart, chairman of the nominating committee, and elected by directors of the 19-County Council were Max Starcke of Austin, Vogel, A. G. Davidson of Fredericksburg, Jack Henslee of Brenham, John Donegan of Seguin, and Lawrence Badauh of New Braunfels.

Delegates attending the council meeting represented Rockdale, Cameron, New Braunfels, Taylor, Seguin, Lockhart, Fredericksburg and various Austin neighborhoods.

Barton the 5-6-10 split.

Audrey Boyce tied with Evelyn Burke for picking up the most spares, a total of 17, in a three-games series. The prize for this feat consisting of a shampoo and set was donated by Audrey's Beauty Salon.

An Avon Nail Polish set was awarded Emolou Curtis by Benjie Meyer of the Oak Club for bowling the most over her average of 63 pins.

League standings following last week's competition are as follows.

# Party - Dance Attracts Many Students To Gym Friday

Cameron High School students in vast numbers were present Friday night, November 9, at an All-Student Party in the Yoe Gymnasium. Both Junior and Senior High School students were honored at the party.

Held because the Yoe football teams were not playing in competition last week, the All-Student Party attracted a large representation of all classes at Yoe High School. Featured was a large variety of games for every group and dancing.

Music for the occasion was by the Yoe Swing Band under the direction of Francis Cox. High lights of the music for the night was the band's rendition of "Don't Be Cruel," which was requested again and again by many of those in attendance.

Chaperons for the party included School Superintendent Wiley W. Loughmiller and Mr. and Mrs. William C. Black.

## Legion -

(Continued from page 1)  
can be prosecuted but once for the same alleged crime but our national crime of unpreparedness forced these veterans of World War II to place their lives in double jeopardy."

Based upon experience, opined LeNoir, the future is not bright, either for the veteran or the nation which he has defended. Less than two months ago, the president's National Security Training Commission announced that in the event of a new national emergency, the nation would again be forced to turn to its war veterans for their first ready reserves. Isn't twice in one generation enough, he queried?

In conclusion, LeNoir stated, "We simply are not maintaining or creating trained military reserve strength necessary to our national safety."

Present among the Gold Star parents, wives and relatives were Mr. and Mrs. Curtis Gill, Mr. and Mrs. Frank Tomek, Sr., Mr. and Mrs. R. W. Bennett, Mrs. Joe Hibner and A. H. Hux, each of whom lost a son in battle; Mr. and Mrs. William Wallace, who lost John Holland Wallace, a brother of Mr. Wallace, and Mrs. Nora Lee Zvadony who lost her husband.

Master of ceremonies was John Florida, commander of Edwin Hardy Post, American Legion in Cameron.

## Rains -

(Continued from page 1)  
All classes of "butcher cattle" sold at prices about steady with those paid last Thursday. Demand was good on all classes of livestock consigned. Butcher calves and yearlings made up the bulk of the consignments.

One hundred and thirty-four sellers were present with 431 cattle offerings for 47 buyers at the November 8 sale.

Good cows and calves went at \$37.50 to \$100; medium from \$72.50 to \$85.00 and plain from \$62.50 to \$7.00.

The American Flag was first used at Couth's Bridge during the Revolutionary War.

The English Crown Jewels are kept in the Tower of London.

## Line Forms To The Right

Two Yoe High School coeds start the gaieties at the All-School Party held in the school gymnasium last Friday night as the boys admire the scene. Music for the party was supplied by the Yoe Swing Band under direction of Francis Cox.

## Social Security Office In Bryan To Serve Milam

District office of the Social Security Administration serving Milam and five other counties in this area will be located in the Astin Building, 100 N. Main Street in Bryan effective as of Tuesday, November 13.

The announcement of this move was made by John E. Dickenson, manager of the new district. Other counties affected in the move are Brazos, Burleson, Grimes, Leon, Madison, Robertson and Washington. Leon County had been served by the Waco office, Madison County by the Lufkin office and the others by the Astin office according to Dickenson.

Inquirers are advised to direct their letters and requests for Social Security cards to the Bryan office. This new office will serve employers, wage earners and beneficiaries. Office hours in Bryan will be from 8:30 a.m. to 4:30 p.m. daily, Mondays through Fridays. Telephone number of the new office is Bryan, TA 2-4674.

Representatives of the Bryan Social Security Office will be in Cameron at the Department of Public Welfare office on November 15, 21 and 28 and on December 6, 13 and 20.

## Paul Hoelscher Re-named Prexy District C.Y.O.

Paul Hoelscher was re-elected president of the district Catholic Youth Organization at a meeting in Westphalia on Sunday, November 4. Anita Trdy of the Cameron CYO was made Historian.

On Wednesday, November 7, the organization in Cameron saw the girls baseball team presented a winners trophy for the 1956 season. Anita Trdy reported on the district meeting held the Sunday before. 48 members were present and four new members. Rev. Alfred Kallus was present.

Holy Communion will be attended by C.Y.O. in a body on the first Sunday of every third month, as result of a vote at the Wednesday meeting. A C.Y.O. football banquet will honor C.Y.O. member, players on the Yoe High team at Simon and George Memorial Hall on November 24 at 8 p.m.

The Temple C.Y.O. will have a dance on November 25, with music by Gilbert Kautz' orchestra.

## Yoe Graduate Receives Honor

Mrs. Pauline Arnold, a 1944 Yoe High School graduate, was last week selected as Texas City Rotary Club's Teacher of the Week. Mrs. Arnold is the daughter of Mr. and Mrs. B. C. Kluck formerly of Cameron, a cousin of Mrs. Bernice Wallace and a niece of Mrs. Oscar Story.

Texas City's teacher of the week teaches in the sixth grade at Kohfeldt School. Observation of her work by Dee Walker of the Texas City Sun was described as being a lesson in things spiritual, in hope, in character, in faith and in unselfish living.

Walker wrote, "I was talking to a young woman 30 years of age who was living a rich, full life when she might have been complaining about the bad blows life had dealt her.

"Stricken with polio at age 3, at a time when doctors knew little about the disease, and less about what to do for those with it, she was left with permanent nerve and muscle injuries to her legs. By undergoing five operations in a Shrine hospital before she was 12, she was able to walk with the aid of crutches."

Holder of a Master of Education Degree earned at night and on Saturdays, Pauline Arnold after taking care of her home and young daughter, Brenda Ann, also finds time for her hobbies which are reading history and historical novels, and sewing. On Sundays she teaches a group of second graders at the First Methodist Church, of which she and her husband are members.

There are more states east than west of the Mississippi River.

The Bank of England is privately owned.

## Sommer - Kamenicky Wedding Vows Said Saturday, November 10

Miss Charlene Sommer and Ernest Frank Kamenicky were wed in a single-ring ceremony at St. Monica Catholic Church at 9 a.m. Saturday, November 10. The bride was given in marriage by Hubert Shuffield, Jr., her brother-in-law. Rev. Alfred Kallus performed the ceremony.

Attired in a chantly lace and tulle gown over satin with a fitted bodice fashioned with a high neck, the bride carried a bouquet of white carnations. Tiny self-covered buttons fastened the bodice down the back and ornamented the long petal-point sleeves. Her tiered net veil was attached to a tiara of seed pearls and iridescent sequins.

Mrs. Flora Mikulec, matron of honor, wore a ballerina-length gown of pastel yellow designed with a strapless net bodice with attaching net stole. A small ruffled headpiece of matching net completed her attire. She carried a bouquet of pink carnations. Norbert Mikulec of Cameron was best man.

Father of the bride is Otto Sommer of Cameron. The groom is the son of Mr. and Mrs. Roman Marak of Cameron.

The groom's mother was attired in a grey fall suit with black hat and shoes and matching accessories.

A reception followed the wedding at the home of the groom's parents. Flower bouquets composed of the decorations while the bride's table was covered with a lace cloth centered with the three-layer wedding cake iced in white with pink roses. A miniature bride and groom graced the top of the cake, which was served by Mrs. George Tepera of Houston. Mrs. Hubert Shuffield, Jr., of Cameron poured and Mrs. Marak was at the bride's book.

## P-TA Meeting Held November 6

St. Anthony P-TA met Tuesday afternoon, November 6, at 3 p.m. at Simon-George Hall. About 35 members were present.

The meeting was called to order by Mrs. David Shapiro, president, followed by a reading of the minutes of the previous meeting. A report was given on the Halloween Carnival, which was a big success. Proceeds are to be used for additional supplies for the school. A report was given of supplies already secured for some of the rooms.

The Sisters discussed how parents and teachers can help our children get much more out of their education by keeping them interested and alert to new ideas. The new type report cards were explained to the parents.

A note was made of an invitation received from the Chamber of Commerce by the St. Anthony girl scouts to have an entry in the Christmas Parade on December 7. A committee was appointed to work on this.

Father Kallus, spiritual leader, expressed the school's appreciation for the wonderful response given the P-TA Carnival. He then gave a brief talk on kindness toward one another in the home. The meeting was then adjourned.

The next meeting will be held on Tuesday night, November 20, at 7:30 p.m. with all parents cordially invited to attend.

## Kiwanis Club Hears FFA Boys

Largest turn out of Kiwanis Club members in several months was present at the regular luncheon meeting Thursday, November 8, to hear a program on which guest speakers were members of the local FFA chapter.

Introduced by Pat Kelley, agricultural teacher at Yoe High School, John Lawhon and Joe Wazel gave a resume of their trip to the FFA National Meeting in Kansas City as representatives of the local unit.

There were only two members of the club absent from the meeting. Bill Black, president, presided.

## Jim Jones Rolls 234 For High Game In Week's Bowling Here

Jim Jones, a Rockdale product, raised his average considerably the last three weeks. J. Jones was second with 525 and P. Susik came in close with a 517.

He showed excellent ball control but for two splits which were almost impossible to pick up, he would have rolled in the 260 bracket.

Bennie Stermer, a good Kegler from Temple, nearly matched Jones with his five straight strikes netting 212, while G. Dempsey with 88 pins in the eighth frame, tossed four in a row to help his teammates win the first game. P. Susik hit the head pin for two turkeys in his first game netting 214. Other turkey shooters were L. Hollas, J. Zawadzke, and R. Michalka.

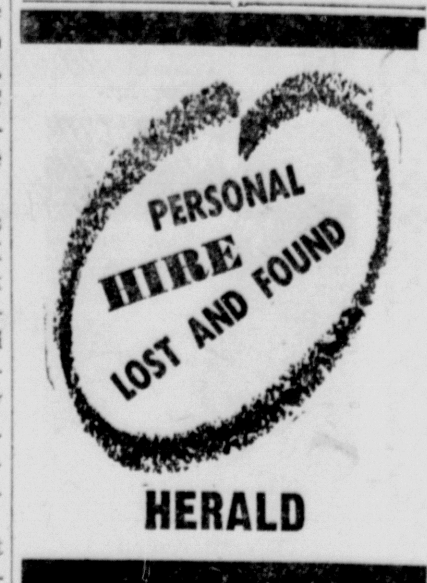

Honors also go to L. Hollas this week for his high three-game series of 541. Incidentally, Leo has

raised his average considerably the last three weeks. J. Jones was second with 525 and P. Susik came in close with a 517.

First National Bank tangled with the strong Pearl team and beat them 3 to 1, however this game was decided by only one pin on total pin fall, the Alcoa boys beat Grand Prize 3-1. Falstaff and Temple K of C split 2 and 2, and KMIL knocked Dr. Pepper out of first place with a 2 and 2 tie.

Pinfall: High three-game series goes to Falstaff 2359, Temple K of C 2310 and First National Bank 2286. Team high singles were Falstaff 819, Temple K of C 811 and KMIL 798. Many splits were picked up this week with G. Dempsey making the most difficult 7-9, T. Matula 3-10, E. Pavelak 4-5-10, L. Krenak 4-5, P. Susik 3-10, F. Heitmann and E. Beirde the 5-7. The second round starts next week with Falstaff and Pearl rolling against each other, which incidentally should be a good game to watch. First National Bank matches wits with Grand Prize, KMIL meets Alcoa and Dr. Pepper tangles with Temple K of C.

League Standing:	W	L
